**Subject:** EMF Cooperative Agreements

Hi, Kelly. As a follow up on my voicemail message from yesterday, it is my understanding that you and Jannine had a good conversation about the EMF cooperative agreements during the Simplot annual meetings this week. It is my understanding that you are adjusting the work plans and budgets to call for a meeting with EPA to discuss sampling/monitoring concerns for all 3 OUs of the EMF site. I believe this meeting was tentatively set for sometime in January in conjunction with a RTOC meeting in Seattle. The cooperative agreements can be amended at any point to include additional tasks, such as sampling, as agreed upon by EPA and the Tribes.

Thanks for your continued efforts on this.

Beth
